Hi Marietta and Catherine, any word on the acceptability of this letter? Karen is starting to ask about it and I expect she might push up to Mike soon. Thanks!

Hi all,

Most of the letter is part of a standard template for reviewing/accepting data. Because the studies are not necessarily acceptable for all products (outside of the letter) I was trying to avoid naming a specific study. The "studies above" refers to the subject line, which you're right could be more clear. I've revised accordingly, to make it clear the MRIDs are only acceptable for the products mentioned in the letter.

Regarding PFBA, per comments by OGC, we've added language from the review to tie in why the data are acceptable. The language on PFBA was taken directly from the BEAD review. Ex. 5 Deliberative Process (DP)

## Ex. 5 Deliberative Process (DP)

Would be happy to tweak further if need be.

Let me know.

Thank you,  
Jackie

Also the letter states - The Agency has reviewed the studies referred to above...

Should MRIDs be listed or is it referring to the Decision Numbers?

Curious about PFBA – is that expected? Why is that noted?

I am not very familiar with all this so just asking.

Hi Marietta and Catherine, we received the CITAB reviews and are ready to send the OGC-reviewed approval letter to Clarke—do you have any thoughts on who should sign? Under normal circumstances, it would be the PM. Thanks!
